University Lifelong Learning:
universities are strategising...

The vision of KU Leuven

Meaning of ULLL

Personal and professional
development for adults
who have a
higher education qualification

Dialogue and
community building
with business and industry and
with the civil society

Objectives

Dissemination and exploitation
of scientific knowledge and
skills to support the social,
cultural, economic and ethical
development of the
regions

Development of an **attitude**
(willingness and competences)
of LLL in the course of the
study programme

KU LEUVEN

Priorities for ULLL

Graduates will have to acquire new knowledge and capacities throughout life. The KU Leuven supports this by providing ULLL-opportunities in 3 tracks.

- University degree: special trajectories, individual facilities for working students
- Credits for separate courses
- College attendance out of sheer interest

LLL in regular study programmes

- Postgraduate certificates
- Continuing education certificate programs
- Continuing education with proof of attendance: conferences, debates, lectures or seminars, training with certificate of participation, information sessions, symposia or study days, seminars or workshops

Continuing education

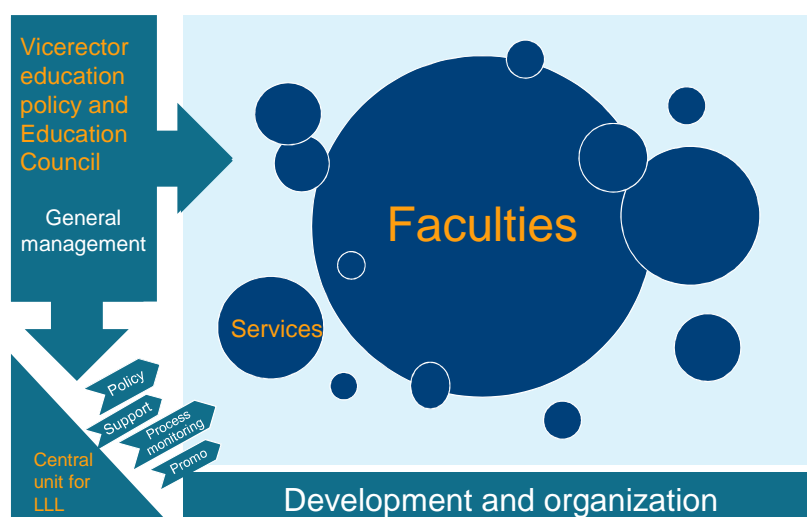

- MOOC's
- SPOC's
-
